

Nipuni Amasha Gurusinghe

Aspiring Software Engineer

CAREER OBJECTIVE

Motivated and detail-oriented Software Engineering undergraduate with practical experience in software development, full-stack web applications, and database systems. Skilled in multiple programming languages with a passion for building efficient and user-focused digital solutions. Known for a proactive approach, quick adaptability, and excellent teamwork, I am committed to delivering high-quality outcomes and continuously developing my technical expertise.

PROJECTS

■ Furniture Lanka Web Store (2024)

Individual Project

- Developed a fully functional online store using **HTML, CSS, Bootstrap, JavaScript, and PHP**.
- Integrated user-friendly UI and backend database using **MySQL**.
- GitHub: [Furniture Lanka Web Store](#)
